How to sign up for your 1st & 2nd COVID Vaccine

Read below for information specific to your service area.

Portland and Yamhill service areas
Caregivers in the greater Portland area will get their vaccinations at Oregon Convention Center. To ease your way, we have a team of schedulers dedicated to helping you get your appointment. It can take up to 2-3 weeks to hear back about your appointment. Here’s what to do:

1. Complete the scheduling form.
   - For all doses, you will choose the blocks of time you are available.
   - If you need a second dose, you will confirm the date and location of your first dose, along with the type of vaccine.
   - If you have a mobility-related disability, you can request the PDX drive-through clinic. Scheduling is limited and will take longer.

2. Watch your email and text messages.
   - It can take up to 2-3 weeks to hear back about your appointment.
   - For second doses, the scheduling team will work to schedule you within 42 days after your first dose. You will be prioritized if you are already 42 days past your first dose.

Specialized assistance: If you have trouble getting your appointment using the tools above, please email OCCVaccineAppointments@providence.org for help.

Columbia Gorge Service Area
Most caregivers in the Columbia Gorge area will get their vaccinations through Hood River County. For updates on where and when the vaccine will be available, watch the Hood River County vaccine website, your local intranet site or InOurCircle channel, and the Columbia Gorge Connection caregiver newsletter.

For more information about vaccine availability and scheduling, you can contact Hood River County Health Department:
covidvaccine@co.hood-river.or.us | 541-399-8022 (English) | 541-399-8023 (Spanish)

North Coast Service Area
Most North Coast-area caregivers will get their vaccinations through Clatsop County. For updates on where and when the vaccine will be available, watch the Clatsop County vaccine website, your local intranet site or InOurCircle channel, and the Coastal Currents caregiver newsletter.

For more information about vaccine availability and scheduling, you can call Clatsop County public health department at 503-325-8500.

If you’d like more help signing up, you can ask your core leader to list you among caregivers who wish to receive the vaccine. You will then be contacted with information on how to proceed. Core leaders: Go to a channel we created in PSH LT Team titled “PSH COVID Vaccine.” There you’ll find an Excel spreadsheet for caregivers who wish to receive the vaccine.

Southern Oregon Service Area
Vaccine clinics at Providence Medford Medical Center are wrapping up. Get a referral to the community vaccine clinic by contacting caregiver health services at 541-732-5870. For updates on where and when the vaccine will be available, watch your local internet site or InOurCircle channel, and the SOSA News caregiver newsletter.

Need help? If you have trouble getting your appointment using the tools above, please email ORVaccineEscalations@providence.org for assistance.

After the first day of employment, this information can also be accessed by going to the Providence Intranet page. On the top right of the main page there is a hyperlink to click named Schedule your appointment.
