

Providence Swedish Orthopedics

The SMG Employed Orthopedic team at the Swedish Orthopedic Institute is now accepting new patients and referrals.

We strive to properly diagnose and treat each patient with a personalized care plan. Whenever possible, we offer the least invasive treatment options first, and if that is not helping you achieve the quality of life that your patients deserve, our award-winning team is here to help.

Our skilled surgeons at Providence Swedish Orthopedics specialize in a full range of orthopedic surgical care, including ailments of the hand, knee, hip, shoulder, and spine, as well as treatment of musculoskeletal tumors. Our surgeons offer minimally invasive surgical techniques to treat problems through smaller incisions, resulting in less pain and quicker recovery. Many of our patients are able (and encouraged!) to walk the day of surgery and start the rehabilitation process. Our goal is to get your patients back to the activities they love as quickly and safely as possible.

Our Award-Winning Orthopedic Surgeons

- **Christopher P. Cannon, M.D.** – Musculoskeletal Oncology and Total Joint Replacement
- **Christopher Hein, M.D.** – Hand, upper extremity and microvascular surgery
- **David A. Ibrahim, M.D.** – Total Joint Replacement
